

Shell Scheme Package

Content

- White laminated panels - 2.4m high X 1m wide (gross size) *
- Printed fascia board, 30cms high on each open side**
- LED spotlights (1 spotlight per 3sqm of built stand)
- Triple socket outlet (main electrical connection up to **1.0 kW** power consumption)
- Grey needle-punch carpet (A-4876 gris chiné moyen)
- 2 Chairs (Transparent Plexiglass Chairs) + White Table (rectangle table 150 x 80 x 75cms high)
- One wastebasket

*The usable panel's area is 2288mm high x 954mm

**There is no limit on number of characters that can be printed on the fascia board. However, please note that the longer the company name the smaller the font size.

Please note

“SHELL SCHEME” stands will be built using a system consisting of 2400mm high white laminated panel walls with vertical aluminum columns.

These allow a maximum display width of 954mm each. The maximum height to build inside the shell scheme is 2.4 meter. Corner stands will be open on two sides with two fascia boards carrying the company name.

No items may be screwed, nailed, or glued to the panel walls nor may any part of the shell scheme be damaged or disfigured in anyway. Should damages occur, the exhibitor concerned will be invoiced for any dilapidation costs incurred. Velcro or sticky pads are the best options for fixing materials to the panels. Please note that blue tack does not hold properly.

Further supplies must be ordered directly from the venue VIPARIS web shop, i.e.:

www.viparisstore.com

- Furniture (table, chair, counter, showcase, etc.)
- Cleaning service
- Extra power
- Full-color logo on the fascia board
- Full-color graphics on the shell scheme wall
